INTERNSHIPS

Product Designer

The Indian Med, Virtual

Jan 2021 - Present

I have designed more than 10 paper wire frames, low fidelity wire frames and high fidelity wire frames for different web pages of the organization's website.

I collaboratively worked with the graphics team and the CTO of the company.

POSITIONS OF RESPONSIBILITY

Started out freelancing and Co-Founded webscale.in.

PROJECTS

Progressive Web App

Jan 2021 - Jan 2021

<https://todo-app-harsh.netlify.app/>

Made a simple Todo Progressive Web App using React-js.

My curiosity for web application made me dig deeper into finding something that works cross platforms.

Management System with CRD functionality

Dec 2020 - Dec 2020

<http://bit.ly/managementsystem>

Converted a command line management system program to a UI based management system that provides Create, Read and Delete functionality.

To understand the usage of the web-app refer:

<https://github.com/toHarsh/Management-System>

NV Organics

Aug 2020 - Aug 2020

<http://www.nvorganics.com/>

Created a WordPress website for a Cosmetics Raw Material Manufacturer located in New Delhi.

Ambulance Tracker App

Aug 2020 - Present

This App is being created for minimizing the total deaths and injuries caused due to delay in ambulance's arrival. Our app intends to help people by providing features such as live tracking of ambulance & Finding hospitals nearest to user's location.

Portfolio Website

Nov 2020 - Present

<https://harshkothari.tech/>

A personal portfolio site.
